

Order Procedures and Support Services for VARs

Phigenics Validations Test

Legionella Testing that is faster, more accurate,
and more comprehensive

Step 1: Become an authorized VAR. Register at www.phigenics.com/var or contact Anne Burt at aburt@phigenics.com.

Step 2: Determine which test you need and what quantity. Note the following:

1. Quantities are available from 1 to 5 kits per box.
2. Keep your shipping box and use it to return the test materials for analysis at the Phigenics Analytical Services Laboratory for processing.
3. Additional shipping containers can be order for return to Phigenics.

Step 3: Place order at <http://www.phigenics.com/order/>

Orders placed after 2:00 pm Central Time will be processed the following business day.

Step 4: Become familiar with ease of running the test by reviewing Test Instructions found at <http://www.phigenics.com/legionella-testing/> or the hard copy packaged inside shipping box.

Step 5: Conduct test on location. Repack and ship to Phigenics labs on same day using the enclosed pre-addressed shipping labels. Note: If running either the PVT with ISO or PVT Premium test, conduct only on a Monday, Tuesday, Wednesday, or Thursday (this is also communicated on the test instructions).

Step 6: Receive report electronically when analysis is complete.

For Questions or Concerns contact Phigenics at 877.PHIGENICS or 630.717.7546 , or Anne Burt at aburt@phigenics.com.
